

## Activities of TAC

The Telemedicine Advisory Committee welcomed Sue Uhl, Deputy State Health Commissioner, during their last meeting. She explained her role on the Informatics Commission formed by Bill 566, and how the TAC could assist the commission. To learn more about Bill 566 please [Click Here](#)

## Program Milestones

Dr. Theobald saw our first oncology telemedicine patient. Dr. Theobald was able to provide a symptom management consultation to a patient at Bedford Regional Hospital while using a video unit in the Methodist Medical Tower. Dr. Theobald is a Psychiatrist with Indiana Community Cancer Care.

## Telemedicine Making a Difference

This story was submitted by Lynn Bell, Social Worker at Deaconess Riley Children's Services in Evansville

"We recently moved to Southern Indiana from Detroit Michigan and I didn't know the local resources at all. My daughter had top notch Diabetes care from the Barbara Davis Center and I was concerned about the level of care available to us once we moved to a more rural area. However, once we were here I was very pleased to find out that my daughter could be seen via Telemedicine by the whole Riley Diabetes Team. This included the Doctor, Nurse Practitioner, Dietician, and Social Worker. I didn't have to endure the hardship of driving six hours or lose of money from staying over night or taking off work. It was very reassuring to know that I was involved with a Center that had the latest, cutting edge technology."

## Counting the Consults

**We have facilitated 237 cases and over 132 live interactive consultations**
